DROP FORGE BRASS VALVES

ECOTECH GATE VALVE ADVANTAGES

Ecotech Drop Forged Brass Gate Valves are the best valves technology can produce. They are created with the best machines together with high-grade quality materials to create a product that will last a lifetime. Because of this, Ecotech Gate Valves surpass European standards such as those from the ISO, IAPMO, and OHSAS among others. Take a look of the Ecotech advantage below:

1. Superior Raw Materials

Ecotech Drop Forged Brass Gate Valves are made with the best European materials available in the market. It is composed of high-quality brass material that has undergone forging process. Combining the best raw materials with advanced German Technology, Ecotech Brass Gate Valves are assured to be the best when it comes to quality and performance.

2. Superior Valve Technology

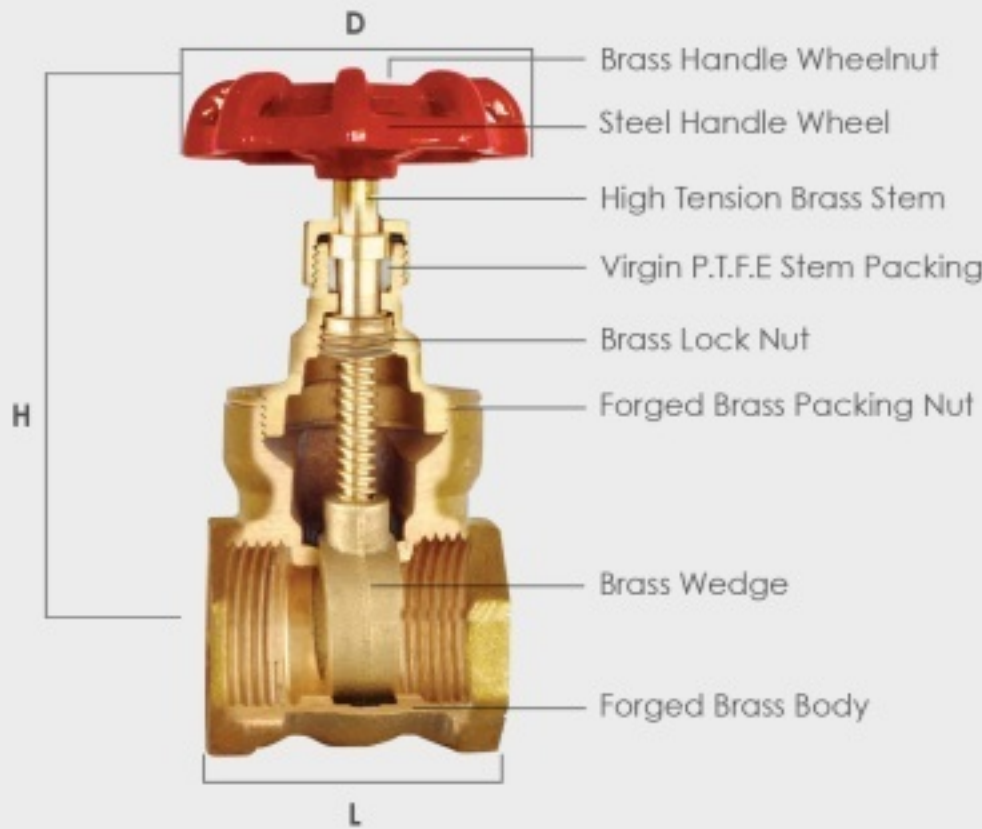

Ecotech Drop Forged Brass Gate Valves adapt Anti-blow out Technology together with One Piece Design Technology. These technologies greatly improve the performance of our valves and prevent seepage problems common on other typical valves.

ECOTECH SPECIFICATIONS HIGHLIGHTS

SPECIFICATIONS

Screwed-in Bonnet • Solid Wedge Disk
 Non-rising Stem • Integral Seat • Asbestos Free
 Threaded to BS 21 (ISO 7)/ ASME B1.20.1
 Size Range: 15 mm (1/2") – 100 mm (4")

INTERNATIONALLY CERTIFIED

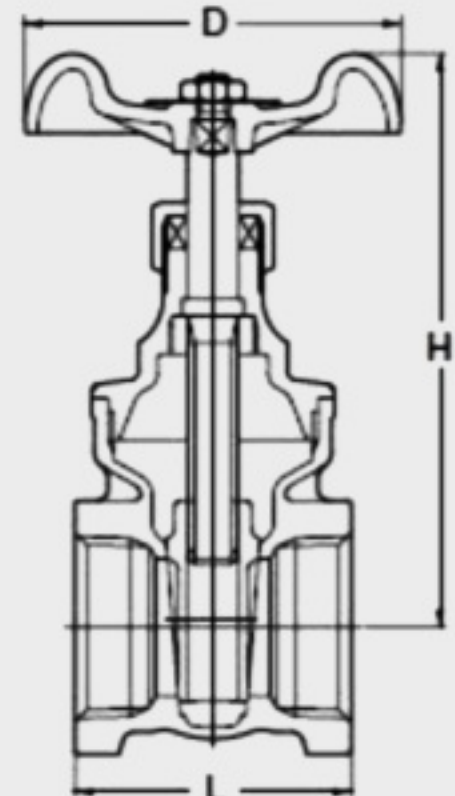

ECOTECH DIMENSIONS AND MATERIALS

DIMENSIONS

Normal size	(inch)	½	¾	1	1¼	1½	2	2½	3
	(mm)	15	20	25	32	40	50	65	80
L Threaded end to end		42	47	50	60	63	72	82	92
H Height, valve open		73	87	97	126	116	154	187	205
D Handwheel, diam		50	55	60	80	122	90	100	115

MATERIALS

Parts	Materials
Body	Brass
Bonnet	Brass
Stem	Dezincification Resistant Brass
Disc	Brass
Gland Packing	Aramid Fiber Graphite
